# SAVE MONEY

**Odotrack will save you considerable money,** both in terms of vehicle expenses (fuel and maintenance) and income tax, with tools such as the simplified logbook and the taxable benefit report.

**PORTAL –** View trips that are underway, as well as past trips. All vehicle expenses and maintenance (current and upcoming) are accessible at all times. You can even be notified if there is an issue with the vehicle.

**REAL-TIME –** Get accurate arrival times with real-time movement tracking and keep your fleet running smoothly with alerts and paperless security rounds checks.

**TRIPS AND MESSAGING –** Optimize punctuality with real-time route tracking, route analysis and two-way messaging for the driver.

**DRIVER SAFETY –** Review incidents by watching the automatically uploaded video and review the incident with the driver.

**MAINTENANCE –** Keep your fleet running optimally with check engine code alerts and scheduled maintenance alerts.

# Tax reports

To make the best use of your accounting department's time, ODOTRACK generates certain tax reports and accounting calculations. From taxable benefit to mileage allowance, ODOTRACK handles everything to do with your entire fleet.

**Taxable benefit**

## I drive a company-owned vehicle

Employee, shareholder or related person

**Mileage allowance**

## I use my own vehicle and get an allowance for business trips

Employee or shareholder who receives a mileage allowance

# Dashcam

➔ Front and rear HD camera

➔ Built-in 4G LTE connectivity

➔ Video alert for impacts, windshield breakage and more

➔ Live feed for communication in real time

➔ Users alerted in real time
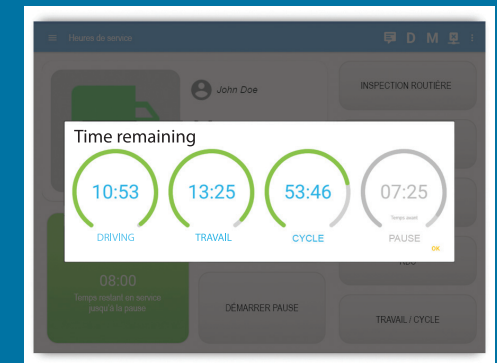

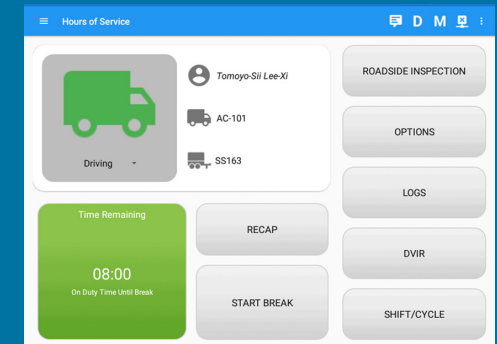

➔ HD video history with two-way viewing

## EQUIPMENT TRACKING

Heavy trucks,
Tractors,
Electric vehicles

Passenger vehicles,
Trailers,
Containers
And much more!

Drivers can take pictures of documents and defects (during vehicle inspections) with the device's camera. Times are conveniently indicated so drivers can easily find the images again.

The tablet and portal work in sync to give managers real-time visual access to the fleet.

The platform's intuitiveness facilitates the drivers' time management while on- and off-duty.

Available in three languages: English, French and Spanish.
